7" Multi-Info Display

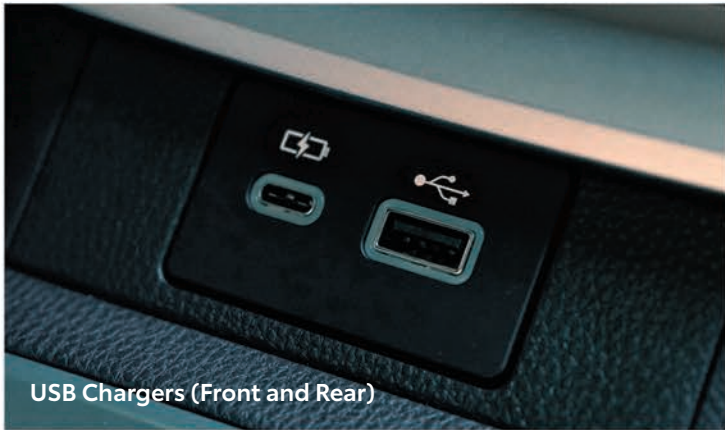

Electronic Parking Brake + Brakehold

Electronic Power Steering

Power Back Door

USB Chargers (Front and Rear)

Steering Switches

Smart Entry + Push Start

Safety That Makes Sense

Featuring Toyota Safety Sense

Toyota Safety Sense is only available for Q HEV.

Pre-Collision System (PCS)

Automatic High Beam (AHB)

Lane Tracing Assist (LTA) and Lane Departure Assist (LDA)

Dynamic Radar Cruise Control (DRCC)

Panoramic View Monitor (Q HEV)

Blind Spot Monitor (BSM) (Q HEV)

Toyota Safety Sense is designed as an aid to safe driving. TSS is intended to assist, not replace, safe and proper driving. The driver remains primarily responsible for their own safety and must obey traffic speed limits and laws; proper driving practices and alertness should be always observed. Refer to the Owner's Manual for your vehicle to read more information on TSS precautions and limitations.

Read the manual for more details

A Hybrid Performer

Experience Toyota's fifth-generation hybrid system with enhanced acceleration feel and offering better fuel efficiency.

How it Works

Starting or Driving at a constant speed in low- and mid-speed ranges

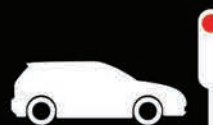

Normal driving

Hard acceleration

Decelerating and braking

Stopped

At Rest

When starting the car, driving at constant speed in low and mid-speed ranges, and at full stop, the electric motor takes over for the engine to minimize fuel consumption.

Accelerating and Decelerating

When you need to go faster, the gasoline engine automatically activates to add power. Conversely, slowing down and stopping recharges the battery that powers the electric motors.

When Stopping

Regenerate Braking lets a Hybrid Electric Vehicle self-charge by turning the motor into a generator. This way, you never have to worry about plugging your car into a power source, because every step on the brake allows your car to recharge.

Eco-Friendly Driver

Drive to a better tomorrow with the power of hybrid electric vehicle that combines gasoline engine with an electric motor that gives lower emissions.

Leveled Up Convenience

Experience a new kind of convenience with these latest features

EV Mode

Auto Rear Cooler
